PRICING

4/20/2017

pernexas GmbH

Pricing: On-Time-License (OTL)

2

connexas

- ❑ **connexas software prices** are based on the **number of cores** of the **Alfresco server**. Up to 4 cores are included within the standard package for OTL. If your server has more than 4 cores, we offer a special discount on a package containing another 4 cores.
- ❑ **30,000 €** up to 4 Cores (unlimited user, including usage in one SAP system landscape for Development, Test and Production) one time
- ❑ **15,000 €** for each additional 4 Cores one time
- ❑ **25% per year on software price** for maintenance

Pricing: Subscription

3

connexas

- The connexas subscription model is similar to the Alfresco Standard & Enterprise model: Rent the SW for one year **incl. maintenance and support.**
- **connexas software prices** are based on the **number of cores** of the **Alfresco server**. Up to 4 cores are included within the standard package for a one year subscription. If your server has more than 4 cores, we offer a special discount on a package containing another 4 cores.
- **15,000 €** up to 4 Cores (unlimited user, including usage in one SAP system landscape for Development, Test and Production) for a one year subscription
- **7,500 €** for each additional 4 Cores for a one year subscription
